Stacie McCormick is a US born, UK based multi-disciplined artist. She holds a Masters degree in Fine Art and exhibits internationally. She is the Director and Founder of artist-led [Unit 1 Gallery | Workshop](#), now 8 years providing exceptional opportunities for artists and the public through their ambitious programming and a recipient of ACE funding 2021. Since 2015 the organisation has delivered more than 100 exhibitions with over 400 artists and curators, establishing a growing community of artists & art lovers. McCormick is also the visionary mind behind the new art world app [FairArtFair](#), a new platform destination creating assess for art lovers, curators, and artists to connect, discover and organise. Stacie was most recently elected Chair of A-N The Artists Information Company, an organization of over 29k artists members, supporting them with insurance, advocacy and information. The galleries immensely popular open call for residencies has resulted in Stacie supporting and mentoring now hundreds of artists. In November 2022 the gallery introduced a new open call exhibition opportunity, providing curators, artist groups and solo arists each an opportunity to have their work(s) exhibited in the space further establishing the need for space and time for artists to exhibit but also demonstrating Stacie skill. Selecting, curating and organizing the residents and exhibitions has informed and shaped Stacie's strong ability to recognize and assess artists of rigor and integrity and strengthen them to progress. Stacie is often a guest speaker, hosts workshops and regularly mentors and consults with artists to help them progress.

Unit 1 Gallery | Workshop hosts 4 Residency Programmes (Radical Residency®, Solo Residency, Duo Residency and Writing Residency) with 25 artists in residence a year (20 Radical Residents®, 3 Solo

Residents, 2 Duo Residents). The initiative has given space and time to 94 resident artists to date from 23 different nationalities with a majority of women represented throughout their programmes (70 Radical Residents, 20 Solo Residents and 2 Duo Residents, 2 Writing Residents). More than 75 artists received grants as part of their Fundraising Campaign during the first Lockdown in 2020. In response to cancelled graduation shows, they were the first to provide exhibitions for 64 artists from 4 different art colleges in the UK. Now repeated with a further 4 schools and 78 artists. Since March 2020, Stacie has personally conducted over 150 live conversations on IGTV with artists, curators, art industry experts and art lovers, which have been published as an ongoing book series. The newest initiative from McCormick is **FairArtFair**, that is born directly from this experience and all that a community of artists and collectors have illuminated.
