OOA GALLERY

Founded in 2011 by Sorella Acosta, the gallery is located in Sitges, a vibrant coastal town just south of Barcelona, celebrated for its rich artistic legacy and cultural dynamism.

OOA GALLERY is dedicated to **contemporary African, Afro-American, and Afro-Latin American** artists. We represent both emerging talents and established figures whose work explores identity, heritage, and urgent social narratives.

Each year, the gallery hosts **eight curated exhibitions** and takes part in **major international art fairs**, promoting artists both on-site and online. We collaborate with a global network of **collectors, curators, art advisors, and institutions** across Europe, the Americas, and Africa.

Our mission is twofold:

- To offer a unique platform for artists to share their stories and grow their practice.
- To provide **specialized advisory services** in contemporary African art: collection building, market insights, curatorial support, appraisals, and rare acquisitions.

As part of our international vision, OOA GALLERY works closely with partners in the USA, Germany, the UK, Nigeria, and South Africa.
